

AACE Annual Scientific & Clinical Congress

Call for Late Breaking Abstracts

February 22-April 1, 2016

The American Association of Clinical Endocrinologists (AACE) is pleased to invite you to participate in its 25th Annual Scientific & Clinical Congress Late Breaking Call for Abstracts. The Late Breaking Abstract Program allows for later submission of new and cutting-edge research. Submissions should present results from clinical trials or significance to the science and practice of clinical endocrinology.

There is no charge for abstract submission. Accepted late breaking abstracts will be published in an online supplement to *Endocrine Practice*. All accepted late breaking abstracts will participate in the general poster session.

The meeting will be held on May 25-29, 2016 in Orlando, Florida. Abstracts may be submitted by AACE members, CAP Member Employees, or non-members sponsored by an AACE member. Endocrinologists, endocrine fellows-in-training, residents in internal medicine, surgery, or pediatrics, and medical students are eligible to apply for membership. You can apply online at <https://www.aace.com/join>.

Late Breaking Abstracts must be submitted online at <http://am.aace.com/2016-abstracts>. The submission program will close on April 1, 2016 at 11:59pm EST.

REMINDER - CAP MEMBER BENEFIT **AACE Annual Meeting**

As one of your CAP member benefits, CAP member company employees, physicians, and allied health professionals receive a discount on scientific session registration at the AACE Annual Meeting. The discount allows employees of a CAP member company to register for the sessions at the same rate as AACE members. To register for the sessions at the discounted rate, please click the following link:

http://am.aace.com/registration/cap_member_benefit

Mark your calendars for the 2016 Spring CAP Meeting - Tuesday, May 24, 2016, at the Rosen Shingle Creek in Orlando, FL!

Please note that registration for scientific sessions at the AACE Annual Meeting does not include participation in the 2016 Spring CAP Meeting - which is limited to CAP member representatives and is by invitation only.

INTRODUCING NEW CAP MEMBERS

AACE is pleased to announce the following new CAP members:

Akcea Therapeutics – is a development and commercialization company focused on helping patients with serious cardiometabolic lipid disorders.

Insulet Corporation - is an innovative medical device company with the mission of improving the lives of people with diabetes specifically through its revolutionary OmniPod Insulin Management System.

Launched in 2013, the CAP Alert serves as an informational brief to AACE's corporate partners. The email alerts are managed by the AACE Business Development & Marketing Department. For more information, contact Edith Dix @ edix@aace.com

CAP MISSION: To facilitate the improvement of endocrine patient care by working with industry in areas of mutual interest.
